

“Your child’s best opportunity to learn is now.”

“From Inspiration to Aspiration.”

Managing Director: Joy Khau

Parents want their children to reach their fullest potential. From the first steps of crawling to the familiar giggling sounds at playtime, memories of growing will be fondly recalled and talked about. And in those precious years, the expressions of children are often priceless – bobbing their heads to musical beats, scrawling imaginary lines and asking the funniest questions. And when young unfettered minds are exposed to the music and the arts during those formative years, life skills and confidence will be acquired, serving them well through their years.

Music Solutions provides a safe and nurturing environment for your children to learn and express themselves. With studio-based music programmes that start from eighteen months to twelve years and above, your child will be able to develop his or her full musical potential within an innovative programme structure. Each musical programme has

been carefully selected to match the respective age ranges, 18 months to 4 years old, 4 to 12 years old and 12 years and above to develop aural awareness, rhythmic development and musical literacy.

“From inspiration to aspiration. Your child’s best opportunity to learn is now.”

What started off as a 3-person partnership in July 1999 with a passion to run education programmes comprising of music and dance for children has today grown into a professional music solutions provider for school going children. Ms Joy Khau, Managing Director shares with us that Music Solutions believes in allowing children to reach their potential through a holistic learning journey in the arts. One that aims to develop every child not just cognitively and aesthetically but also in helping the children develop in the domains of social-emotional, moral and physical.

Endorsed by the National Arts Council as part of their Arts Education Programmes (NAC-AEP), Music Solutions has conducted numerous music and dance workshops and camps for a substantial list of primary and secondary schools including notable ones such as Raffles Girls' Primary, Tao Nan School, Poi Ching School, ACS (Primary), Singapore Chinese Girls' School and St. Joseph's Institution (Junior). In alignment with the Ministry of Education (MOE)'s Programme for Active Learning (PAL) in 2010, Ms Khau and her team have developed new programmes that form part of this ministry's initiative.

Recognizing the need for creative workshops in the corporate sector, Music Solutions also customizes workshops for companies looking for a jolt of creativity. By tailoring programmes for each company, participating staff will be exposed to stimulating environments - improving workplace communication, teamwork and creative thinking.

Always remembering that talents are to be shared, staff and trainers of Music Solutions have generously sponsored workshops with organizations such as the Care Community Services Society and Society for the Physically Disabled. It is in this spirit of love and giving that Music Solutions thrives on to bless children and adults alike for the love for art, music and dance.

Partnering you in your child's learning journey in the arts

PROGRAMMES

Experiential in nature

Fun and enjoyable

Encompass learning in a creative way

Provide opportunities for children to create

Incorporate character development and social emotional learning

We are firm believers that through all our programmes, the pupils will not only gain head knowledge of the arts but each child will also pick up life skills such as learning to work as a team, not giving up easily, being respectful to oneself and others, critical thinking and decision making.

Do feel free to contact us for more information on our programmes.
